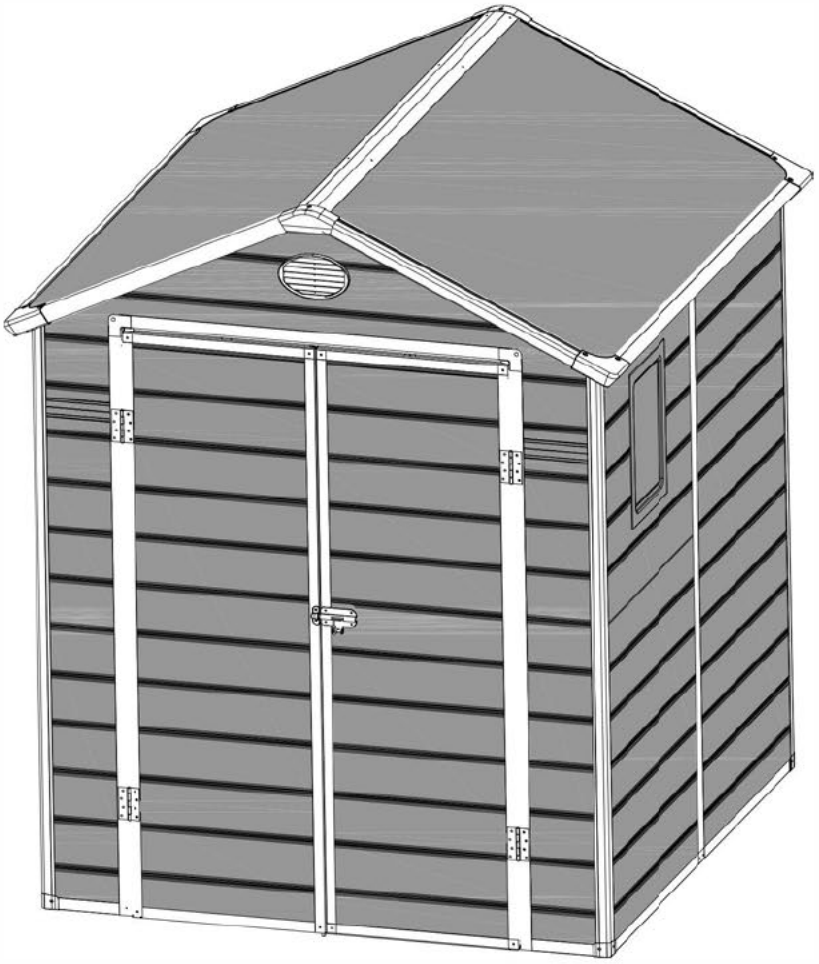
Tuinhuis Malaga (RF2236001)



Montage Voorbereidingen

Handleiding

Controleer de lokale bouwvoorschriften van uw gemeente voordat u met de opbouw begint

Montage-Instructies

Lees alle instructies goed door voordat u begint. Zorg ervoor dat u de exacte volgorde aanhoudt zoals in de handleiding beschreven staat om zeker te zijn van een juiste montage.

Bouwplaats

Plaats dit product op een harde en vlakke ondergrond met een goede afwatering. De fundering is niet inbegrepen in de kit, deze is apart verkrijgbaar en zorgt voor een stevige basis. Onder de fundering dient een stevige kunststof folie (dikte: minimaal 0.15mm) te worden geplaatst om het opstijgend vocht uit de grond te beperken en zo condensatie in het tuinhuis te verminderen. Uw tuinhuis moet goed worden verankerd om windschade te voorkomen. De bevestigingsmaterialen hiervoor zitten bij het pakket inbegrepen. Eenmaal bevestigd, wordt het sterk aanbevolen om siliconen kit aan te brengen langs de binnenkant van de basis-rail om condensatie te minimaliseren.

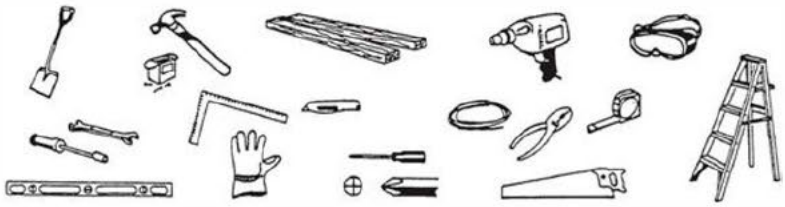
Onderdelenlijst

Voordat u begint, dient u alle onderdelen te sorteren en identificeren om er zeker van te zijn dat u alle onderdelen heeft die nodig zijn voor uw tuinhuis (zie de pagina met onderdelenlijst).

Begin niet aan de bouw van het tuinhuis wanneer er onderdelen ontbreken, want een gedeeltelijk gemonteerd tuinhuis kan door wind zwaar beschadigd raken.

Benodigd gereedschap:

(Verwijder de beschermlaag voor de montage, bewaar indien nodig het onderdeelnummerlabel)



Let op uw eigen veiligheid:

1. Kies een droge en windstille dag voor het opbouwen. Voor de montage zijn twee of meer mensen nodig. Het wordt ook aanbevolen om de montage in één dag te voltooien om schade aan het tuinhuis te voorkomen.
2. Draag beschermende handschoenen, oogbescherming en lange mouwen tijdens de montage om verwondingen te voorkomen. Let op de scherpe randen van sommige onderdelen.
3. Kinderen en huisdieren mogen de bouwplaats niet betreden.
4. Klim niet op het dak.

Als u een ladder gebruikt, zorg er dan voor dat deze veilig is.

Verzorging en onderhoud

1. Reinig het gebouw indien nodig met een zachte doek, gebruik indien nodig water (geen agressieve schoonmaakmiddelen).
2. Houd de deurrails vrij van vuil en andere voorwerpen om schade te voorkomen.
3. Houd het tuinhuis vrij van sneeuw.
4. Gebruik het tuinhuis alleen waarvoor het is bedoeld, de opslag van spullen.
